

Senior Frontend Developer

Role Overview

We are seeking a highly skilled **Senior Frontend Developer** to join our engineering team and lead the development of high-quality, scalable web applications. You will be responsible for defining frontend architecture, optimizing user experiences, and mentoring junior developers. The ideal candidate has deep expertise in modern JavaScript frameworks and a passion for building performant, accessible digital products.

Key Responsibilities

- **Architecture & Development:** Lead the design and implementation of complex frontend architectures using **React.js** and **Next.js**.
- **Optimization:** Enhance web application performance for a global audience, ensuring fast load times and smooth user interactions.
- **UI/UX Excellence:** Collaborate with designers to translate wireframes into high-fidelity, responsive UI components.
- **Technical Leadership:** Conduct code reviews, establish best practices, and mentor junior engineers to maintain high code quality.
- **Cross-functional Collaboration:** Work closely with backend engineers and product managers to define APIs and technical requirements.

Required Qualifications

- **Experience:** Significant professional experience in frontend development, with a track record of building and maintaining production-level applications.
- **Core Skills:** Mastery of **JavaScript (ES6+)**, **TypeScript**, **HTML5**, and **CSS3**.
- **Framework Expertise:** Advanced proficiency in **React.js** and **Next.js**.
- **Tools & Workflow:** Strong experience with Git, modern build tools (e.g., Webpack, Vite), and state management libraries (e.g., Redux, Context API).
- **Problem Solving:** Ability to solve complex architectural challenges and optimize frontend performance.

Preferred Skills

- Knowledge of server-side rendering (SSR) and static site generation (SSG).
- Experience with AI/ML integrations in e-commerce or large-scale web products.
- Familiarity with UI component libraries and design systems.
- Experience in a remote or hybrid work environment.

Benefits & Work Setting

- **Work Setting:**  **Place** (Remote / In-Person / Hybrid).
- **Salary:** Competitive based on experience (e.g., ₹5,50,000 - ₹8,50,000 range).
- **Perks:**
 - Provident Fund.
 - Work-from-home flexibility.
 - Opportunities for global career growth.
